

“Science advances so quickly and there are constantly new trials and investigations. We should support these for our own good and the good of others. It’s very important”

Ruben,
clinical trial
participant

Clinical trials are an important part of making sure treatments and medicines that can improve our health are safe and effective for everyone.

Currently, there are over 1000 clinical trials recruiting. You can find out all the benefits and how to get involved at [AustralianClinicalTrials.gov.au](https://www.AustralianClinicalTrials.gov.au)
