

“La ciencia avanza de manera muy rápida y constantemente se realizan nuevas pruebas e investigaciones. Debemos apoyarlas por el bien propio y de los demás. Es sumamente importante”

Ruben,
clinical trial
participant

Clinical trials are an important part of making sure treatments and medicines that can improve our health are safe and effective for everyone.

Currently, there are over 1000 clinical trials recruiting. You can find out all the benefits and how to get involved at [AustralianClinicalTrials.gov.au](https://australianclinicaltrials.gov.au)
